

MASHING TECHNOLOGY, SCIENCE AND BUSINESS.

THE GROWING NZ INNOVATION CHALLENGE

This fast-paced, one day competition is for teams of year 10 students with an interest in technology, science or business. The challenge requires students to apply their subject knowledge and build a prototype solution to a real-life situation being faced by one of New Zealand's largest export industries.

\$200 WORTH OF PRIZES PER CHALLENGE UP FOR GRABS

MAXIMUM 8 STUDENTS PER SCHOOL

LUNCH PROVIDED FOR STUDENTS

OPTIONAL TO DROP TEAMS OFF & PICK THEM UP LATER

EXCELLENT INTRODUCTION TO AGRIBUSINESS

THE DETAILS

The GrowingNZ Innovation Challenge is based on the principles of learning by doing, design thinking and industry engagement. It includes a strong alignment to levels 4 and 5 of the New Zealand Curriculum for Science, Technology and Social Sciences.

We use various sectors within the primary industries as our focus because they have a high reliance on science and are increasingly being transformed by new technologies and business innovation. It's the perfect container to have a mash up of these subject areas!

THE PROCESS

- 1 **START WITH A CHALLENGE**
- 2 **INVESTIGATE AND GAIN STAKEHOLDER FEEDBACK**
- 3 **CHOOSE AN EMERGING TECHNOLOGY**
- 4 **DESIGN A QUICK AND DIRTY PROTOTYPE**
- 5 **PRESENT EXPECTED OUTCOMES AND GET FEEDBACK FROM INDUSTRY REPRESENTATIVES**
